This lovely plot is positioned along an asphalted road in a peaceful and secluded area just a couple of minutes drive to the village of Kefalas.

This large plot of more than 5000m² is well positioned to take full advantage of the stunning sea views and also the distant mountain views of the Ida Mountains towards Rethymnon.

The plot is in a natural state, planted with a few olive trees, is quite rocky with wild flowers and herbs. The views towards the sea are unobstructed due to the slope of the plot, while the highest peak of Crete is clearly visible in all its glory.
